Projects:

It is difficult to predict exactly how renovations will proceed each week, so projects vary. Whatever the projects may be, the Habitat house leader will ensure there are a variety of tasks by all individuals with a wide variety of skill levels and physical abilities.

Safety & Age Restrictions:

Our construction sites have the highest standard of safety and we will provide safety glasses and a gloves (should you not have any). Due to safety regulations, individuals under the age of 16 are not permitted on our active sites. Those ages 16 - 17 must have a paper waiver completed by a parent/guardian.
